Dear Ann,

On behalf of Dorset and Somerset Air Ambulance, I would like to thank the WHRADA Metal Detecting Club and the local farmers involved in your recent fundraising for your generous and kind donation of £75.00. What a fabulous sum!

As we celebrate our **25th Anniversary**, we want to express our gratitude for your support. Your generosity will be instrumental in allowing us to continue providing a critical care service for **19 hours a day**, both by air and by road, through close cooperation with our NHS colleagues across the region. With **each mission costing approximately £3,500** and demand for our service higher than ever, your support is more important than ever. We now respond to around **eight emergencies daily**, and your generosity ensures that we can continue to be there when people need us most.

Your support is not just helping us today; it is shaping our future. As part of our 25th Anniversary, we are looking ahead to how we can continue saving lives for years to come. This is only possible because of generous supporters like you. Whether you continue to donate, fundraise, or help spread the word, you are playing a vital role in securing the future of our essential service.

We can't wait to share the exciting journey ahead. In the meantime, stay connected with us through our website www.dsairambulance.org.uk and follow us on social media for updates on how your support is making a difference. Your donation really will make a big difference and enable us to continue being there for patients who need us, so on behalf of all of them, thank you.

From all of us including our crew, our patients, and the countless families who have benefited from our service - thank you. Your generosity is life-saving.

Yours sincerely,

Libby
